MONACO

MONACO DIVIDING LANES

Especially suitable for use in open water. Good visible and higher buoyancy due to large floats.

With 4 floats (70 x 65mm) and 4 spacers per meter. You can choose the quantity of the MONACO Floats 300X170mm) per meter. We recommend 1 monaco float per 5 meter. Steel cable in V4 quality (7 x 7) and both sides finished with pressed loop.

The maximum length is 50 meter. With closable locks these lanes can be coupled to the required lengths and can be attached to the sides, posts or pontoons

62280 line per meter (excluding pressed loops & excluding Monaco floats)

62281 end-fixings (the pressed loops) for both sides

30707 monaco float, per piece (recommendation: 1 per 5 meter)

22372 closable lock, per piece
