

ABOUT US

We are a long-established, family-owned business since 1923, and to this day, we remain a family business, now in its fourth generation. The first 70 years of the MAD journey began in flooring, specifically creating stair underlay for carpets.

Fast forward to the 90s, and we discovered that stair underlay was the ideal material in terms of grip and durability for what a yoga mat needed. Working closely with professionals and the studio sector, our yoga mats quickly became commercially approved Yoga-Mad products, making us the first OEKO-TEX approved yoga mat on the market. This identified a niche in the market, and our strategy expanded from yoga to fitness (Fitness-Mad) and Pilates (Pilates-Mad).

Fast forwarding another 20 years to 2010, Align-Pilates was established. Align-Pilates offers a comprehensive range of commercial Pilates Studio equipment, as well as an innovative selection of home reformers and all the mats, props, and small equipment required for Pilates matwork.

At The Mad Group, we consistently update and seek new innovative products for you and your customers, which we believe is the key ingredient to the success of our brand and company!
